COL. A. M. STOUT'S REPORT

Of the Battle of Chickamauga and the Part the Seventeenth Kentucky took in that Fearful Contest.

HEADQUARTERS 17th Regt. Ky. Vols., CHATTANOOGA, TENN., Sept. 24, 1863.

General—The following report of the operations of the regiment which I have the honor to command from the 18th inst., when your brigade left Crawfish Springs, Ga., to the 22d inst., when my regiment rejoined the brigade at that place, is respectfully submitted:

You will recollect that on the evening of the 18th inst., we took position on the North bank of Chickamauga creek and heard heavy skirmishing on our left during the evening and next morning, until near the middle of the day, it became evident from the roar of firearms, not only that the battle had begun in earnest, but from the change in the directions our forces were yielding ground. Then by your order we moved quickly to the scene of conflict near 2 miles distant; arrived there the brigade was formed in two lines, the 79th Ind., Vols. on the right in the first line, and the 19th Ohio Vols. on the left; the 17th Ky. Vols. on the right in the second line; the 9th Ky. Vols. on the left. The first line at once engaged the enemy, the enemy was held back until late in the evening, when a part of General Granger's command arrived and took position upon our right and silenced it, but was almost immediately repulsed by the enemy and driven back through my regiment, which at once opened upon the enemy, who was partially concealed by a dense cover of underbrush. The firing on both sides was severe and continued nearly half an hour, when the enemy fell back still leaving the battery. Here we captured five prisoners and the company skirmishers, whom I had thrown out on my right, captured three more. An order was then received from Gen. Van Cleve, as I understood it, to advance, and I did advance to within fifty paces of the battery, when seeing that the regiment on my left had halted, my own bated also. But a little before this advance, and after the fire had ceased, some officers and men of the 79th Ind. advanced fighting the captured artillery to the rear, when a portion of my command did likewise and halted two or three pieces through the same manner. In the mean time the enemy was seen and heard moving to my right, as if to turn it, and two or three regiments from some other brigade moved from our rear to my right, when the enemy attacked them with great fury and almost immediately turned their right, advancing and firing with great rapidity, they broke to the left and rear in great disorder. My regiment at once felt the enemy's fire upon the right flank and rear, and to escape capture fell back by companies; the first company first, then the second and so on until all were in retreat to the left and rear; the enemy in greatly superior numbers, advancing and firing with great rapidity. It was here that first Lieut. John D. Willman, a faithful and gallant officer, was killed and Capt. J. W. Anthony was shot through the right hand. We fell back through a dense wood to a small open field of high ground, from which one of our battery was playing upon the advancing enemy and those we ourselves confronted him in support of the battery. We, with the aid of others, succeeded in checking his advance in our front, but we had hardly time to become aware of this success before we felt the fire right across the battery upon our right and rear. Being again compelled to retire we pursued the same course as before until we reached a high and commanding ridge about one mile from the battle field, where the brigade formed again and we rested for the night. By seven o'clock on the morning of the 20th, we became aware that some of our troops had moved in our front at least a mile distant and had engaged the enemy. The fire increased in intensity and by 9 o'clock it became manifest that our forces were being driven. We were moved down the slope by the General's order in double columns; the 19th Ohio on the right and the 79th Ind. on the left in the first line, the 9th Ky. on the right and the 17th Ky. on the left in the second line.

When we reached a road in the valley running parallel with our line we were quickly deployed into line of battle; the front line came at ones under fire while the second being only about forty paces to the rear became almost equally exposed. The enemy in overwhelming numbers was advancing rapidly and at the same time turning our right.

Our retreating forces in our front were running over us. We were between the enemy and open ground, while they were concealed by a dense cover of underbrush. The 19th Ohio soon broke to the left and rear across my right, while the shots of the enemy began to pour into my right and rear directly down the road. It was impossible then to change my front, for a battery of our artillery was passing through my line to the rear and the uproar was so great and the dust and smoke, was so dense that the officers could scarcely be seen or heard. We were compelled to fall back or be captured, as we were without support. Here Lieutenant-Colonel Vaughan received a shot through the leg while gallantly doing his duty and was carried off the field.

Sergeant Major Duncan was shot through both legs and was saved with the Major, Adjutant and colors and about one hundred men. I moved to the left and rear, several times halting and firing a volley at the enemy, but in every instance outflanked until we reached the crest of a high ridge running from north to south and then turning at right angle and running westward. There we found fragments of various commands, including a portion of Gen. Brannon's Division. These were hastily formed along the crest and made preparation to hold the position. It was immediately between the battle ground and this place.

The enemy soon appeared, when our little force fired upon him with great spirit; the most of the company officers of my regiment were with me, Capt. Nall and several others, who had picked up guns, fought with their men. The men as well as the officers seemed to be sensible of the importance of holding the position.

Our little force increased to some hundred. Col. Crane and Lieut. Col. Bailey, of the 19th Ky., with a small portion of that regiment, took a position on the crest and held it until dark.

A few men of the 19th Ohio and 79th Ind. were with me by small command. By hard, determined fighting the enemy was held back until late in the evening, when a part of General Granger's command arrived and took position upon our right and engaged the enemy just as he was about to turn our right. A desperate fight ensued and lasted until nearly dark. I must consider our little fight on the crest as the most brilliant of the two days battle. Thousands of the enemy were there driven against us.

Col. Walker, of General Brannon's command; Col. George P. Buell, of the 5th Ind., commanding 1st brigade, 1st division, 21st A. C.; Lieut. Col. Stoughton, commanding 21st Ohio, and Major D. M. Claggett, of my own regiment, attracted my attention and excited my admiration by the fearless manner in which they encouraged and directed officers and men along our lines. Col. Walker had no command of his own, Col. Buell a very small one, but rendered great service to all commands by their coolness and enthusiasm.

My own regiment I am unwilling to single out by name any company officers when all did well during the two days battle. I cannot name one of them who acted badly. The men fought gallantly when they had any chance to fight, as I knew they would. While fighting for the rebel battery they stood without flinching under a most deadly fire. One company D, (Capt. Gist,) of 41 men had eleven wounded.

We went into battle both days under great disadvantages. Each day we were thrown suddenly under fire to the support of troops who were being driven pell-mell over us by the enemy in superior numbers and flushed with success, and always outflanked.

The firing having ceased at night on the 20th, not knowing where to find our brigade I reported to Brig. Gen. T. Wood, commanding 1st division, 21st A. C., who had moved his command near us. At his instance I joined myself to his 1st brigade, commanded by Col. Buell. In a few minutes we commenced to move in this direction and bivouacked near Rossville that night.

Next morning we moved to the left up and long the mountain range bounding the Chattanooga Valley on the east, took position and remained until 11 o'clock that night, when we moved within a mile of this place and camped. On the morning of the 22nd, we joined you here. I had sent out an order to find you and returned after night with an order from you to join the brigade at once, but General Wood delayed. Gen. Lee to retire into Virginia. December 13th was fought the battle of Fredericksburg, the Union forces being commanded by Gen. Burnside, and on the 2d to the 4th of May, 1863, the battle of Chancellorsville, in both of which Gen. Lee added to his fame and ability.

We went into battle both days under great disadvantages. Each day we were thrown suddenly under fire to the support of troops who were being driven pell-mell over us by the enemy in superior numbers, advancing and firing with great rapidity. WEDNESDAY, AUGUST 1, 1883.

DEMOCRATS, do your duty and vote for Coleman.

W. D. COLEMAN is not a coldman, He is a good, clever, warm hearted man. Hurrah for Uncle Billy.

A PROMINENT Republican of this place predicts that the Democrats will meet in Chicago and nominate McDonald, and the Republicans will meet in Cincinnati and nominate R. T. Lincoln, and Lincoln will be elected.

W. D. COLEMAN is a man fitted to make, and will make, a good Representative. He has done much hard work for the party, and every Democrat in the county should vote for him. Go to the polls and vote early.

GEN. TOM THUMB the world renowned little fellow, who paid the last debt of nature at his home, Middlebury, Massachusetts, on 15th of this month, was interred with Masonic honors. Many thousand friends and admirers followed his remains to the quiet city, where he now sleeps his last sleep.

REMEMBER, that the bonus paid annually to the monopolists by the labor of the country by reason of the gag-law tariff is \$780,000,000,000. The interest on this sum at 6 per cent. is \$46,800,000, and yet the Republicans say that a protective tariff is a blessing to the laboring man. W. D. Coleman is a "tariff for revenue only" man, and W. P. Render is a high protective tariff man. Voters, take your choice.

Boss TWEDD died in prison, and Marsh T. Polk, defaulting treasurer of Tennessee, was tried, found guilty, and sentenced to the penitentiary for 20 years and a fine of \$366,540.10 assessed against him, which his sureties will have to pay. The Star Routers, who confederated together and swindled the Government out of millions go scott free, and Steve Dorsey, chief of the gang, is the Secretary of the National Republican Committee. We think we shall vote for Coleman.

Voters

Don't be deceived by the Republican trap about the State finances.

The Republicans have raised the cry of "stop thief" in order to divert the attention of voters from the misdeeds and shortcomings of their own party.

The finances of Kentucky have been so managed under Democratic rule that the State's credit is as good as any State in the Union, and is better than that of nine-tenths of the States—and all this under Democratic rule. Vote the whole Democratic ticket.

The County Candidates.

Our county has three candidates for the Legislature, a Democrat, a Republican and a Greenbacker. Mr. R. H. Stevens is the Greenback candidate.

Of course he stands no chance to be elected. He cannot carry a single precinct in the county, not even a neighbor-hood, and his race is merely for fun.

He is a clever man, and if he were a Democrat or a Republican he would deserve the votes of his party, but he is asking too much of his friends to throw their votes away on him. If he should get every Greenback vote it will be only about 250 votes in the county.

Why then, should he ask his friends to stand aloof from the contest between the other candidates and compliment him by so small a vote? The men who vote for him will be very lonesome and prove themselves very careless about the real live political issues of the day. Greenbackay ought to go. We have the best currency we have ever had since the formation of the Government.

This is due not only to the Republicans but to the Democrats also, who have supported all the true financial measures of the Government. We now have gold, silver and paper all equal and good over the whole country. Let us not disturb it.

If the Greenback party ever had a mission it has none now. The whole thing is a joke. Get out of it, gentlemen; don't throw your votes away. Come and join the grand old Democratic party that is now marching on to victory, and which will control the Government after 1884.

The Republican candidate, Mr. W. P. Render, is a clever gentleman, and will, no doubt, get the vote of his party, and all men who think that Republican rule should be continued ought to vote for him.

Mr. W. D. Coleman is the candidate of the Democrats. He is, too, a gentleman, a sensible man and in every way a deserving man, and is being circulated and will be at the several elective precincts all over the Green river country for signatures. It should be signed by every voter:

To the General Assembly of the Commonwealth of Kentucky:

Your petitioners, citizens of the Green River Country, appeal again to your honorable bodies in the matter of the Green River Navigation, on which a tyrannical monopoly exists, under the charter of the Green and Barren River Navigation Company.

The evil from which we seek relief is set forth in the petitions presented to the Legislature at former sessions, and to which we ask your serious attention. It comes from a charter which authorizes the corporation to charge prohibitory tolls, and at the same time to navigate, mine, manufacture and trade in every conceivable thing. It, therefore, operates on the people in three ways. By the oppressive charges which the monopoly puts upon their necessities; by absorbing their industries; and by obstructing the improvement of the navigation on which the proper development of their natural resources depends.

In 1879 a survey of the waters of Green River was made under an Act of Congress, with a view to improvements which would have called for a million or more of dollars from the general Government, but the object failed be-

cause, as stated by the official report, Green River was *de facto* closed to general commerce by the present monopoly.

Of the evil of which we complain there has been no abatement since it began, fifteen years ago; for a trifling reduction grant'd momentarily through fear in some items of freight, if such there may have been, constitutes no amelioration of the wrong which strikes at the very root of all prosperity, by rendering the natural resources of our country practically unavailable to the markets that require them. We ask you to reflect that the means thus used for the oppression of the people, is not a railroad or a canal built with the money of the corporation that enjoys it, but a highway provided by nature and improved with the money of the people, and conveyed to the corporation by the charter referred to, as a free gift.

For the past three sessions the sentiment of the Legislature has been, that of all unprejudiced men, that this standing crime ought to cease, and in 1880 an act was passed to repeal the oppressive charter. A decision of the Court of Appeals has frustrated the purpose of that act, and left us still under the domination of the monopoly. We have submitted to the decree, but we protest that the control of the navigable waters of the State can have but one legitimate object—the use and benefit of the people. We have been deprived of this natural right without our consent, and we ask that it shall be restored in such manner as to you may seem fit, and as in duty bound, your petitioners will ever pray.

The Difference.

The expenses of the Republican Legislature of South Carolina for the session 1871-2 exclusive of the pay of the members was \$456,459.84. The expenses of the Democratic Legislature of South Carolina for the session 1875-6 exclusive of pay of members was \$14,767.00. And yet Republicans howl about Democratic mismanagement of finances. We will vote for Coleman.

To the citizens of Ohio and adjoining counties: I have been elected principal of Hartford College for the ensuing school year.

The time between this and the opening of the session on Monday, September 4th, 1883, is too short to allow me to visit as extensively as I should like to do, hence I take this method of calling your attention to the school, and to say to you that it is our purpose to make it fully equal to the educational wants of the time.

The various departments, will be filled with competent and live teachers, and no pains will be spared to make the instruction in each thorough and practical.

We solicit, and shall try to be worthy of your patronage. A circular giving full information, as to course of study, teachers, terms, &c., will be issued in a few days.

Board in good private families can be secured at from \$2.00 to \$2.50 per week. For any information desired address:

T. M. MOURNING, Principal,

To the Citizens of Hartford.

LEBANON, KY., July 28, 1883.
We take pleasure in stating that Prof. T. M. Mourning has been for the last four years engaged in teaching at Lebanon.

That four years ago he took charge of the Presbyterian School here which was at that time in a low condition, with probably not over twenty pupils in attendance; by uniting energy and perseverance he has succeeded in building up a healthy and prosperous school. Prof. Mourning is diligent and faithful to his duties, and you will find him a gentleman in every sense, and a man to be trusted in any capacity; and above all, we take the greatest pleasure in recommending him as a Christian gentleman, ever faithful in the many duties devolving upon those who profess to live and a Christian life.

We regret very much the necessity which calls Professor Mourning and his interesting family away from us, but at the same time take pleasure in recommending him to you.

We also recommend him as a man eminently qualified to take charge of and conduct your school, a man of fine attainments and educated in all branches usually taught in Colleges.

Given under our hands as Trustees of the Presbyterian School Board at Lebanon, Ky.

Something New.

There is no use of paying \$5 to \$10 for a corn sheller. I have a patent Hand Corn Sheller that well supplies the place of a costly sheller. I will soon have my Improved Hand Sheller upon the market for sale at the very low price of \$1. I now have a more thorough recommendation from those who have used it. Any person desiring a sample sheller, or who would like to purchase county, district or state rights, will please send one dollar by registered letter to my address, and I will immediately forward the sheller to the nearest railroad station with full instruction and price of such district.

County Rights—Kentucky will be sold at from \$50 to \$150, according to population, except Ohio county.

Sutton, Ohio County, Ky.

To the Teachers of Ohio County.

I earnestly solicit all the teachers of the county to attend the Institute to be held here August 14, 15, and 16, 1883, as has been announced in this paper. Those who desire to teach this fall will be required to attend the full three days. The object of the Institute is to devise plans to promote the educational interest of the county, and improve upon the present method of teaching. These are interests of too much importance to be neglected, and, although we may not accomplish all these, a full attendance and an earnest co-operation will enable us to make progress in that direction.

Those who now hold certificates of qualification will have the same revoked unless they attend the Institute. You may think this too rigid, but in looking over the list of those in attendance last year I find but 33 names out of 122 teachers needed; less than half being present.

Let the Institute be of no importance to stand aloof from the contest between the other candidates and compliment him by so small a vote? The men who vote for him will be very lonesome and prove themselves very careless about the real live political issues of the day. Greenbackay ought to go. We have the best currency we have ever had since the formation of the Government.

Mr. W. D. Coleman is the candidate of the Democrats. He is, too, a gentleman, a sensible man and in every way a deserving man, and is being circulated and will be at the several elective precincts all over the Green river country for signatures. It should be signed by every voter:

To the General Assembly of the Commonwealth of Kentucky:

Your petitioners, citizens of the Green River Country, appeal again to your honorable bodies in the matter of the Green River Navigation, on which a tyrannical monopoly exists, under the charter of the Green and Barren River Navigation Company.

The evil from which we seek relief is set forth in the petitions presented to the Legislature at former sessions, and to which we ask your serious attention. It comes from a charter which authorizes the corporation to charge prohibitory tolls, and at the same time to navigate, mine, manufacture and trade in every conceivable thing. It, therefore, operates on the people in three ways.

By the oppressive charges which the monopoly puts upon their necessities; by absorbing their industries; and by obstructing the improvement of the navigation on which the proper development of their natural resources depends.

In 1879 a survey of the waters of Green River was made under an Act of Congress, with a view to improvements which would have called for a million or more of dollars from the general Government, but the object failed be-

cause, as stated by the official report, Green River was *de facto* closed to general commerce by the present monopoly.

Of the evil of which we complain there has been no abatement since it began, fifteen years ago; for a trifling reduction grant'd momentarily through fear in some items of freight, if such there may have been, constitutes no amelioration of the wrong which strikes at the very root of all prosperity, by rendering the natural resources of our country practically unavailable to the markets that require them. We ask you to reflect that the means thus used for the oppression of the people, is not a railroad or a canal built with the money of the corporation that enjoys it, but a highway provided by nature and improved with the money of the people, and conveyed to the corporation by the charter referred to, as a free gift.

For the past three sessions the sentiment of the Legislature has been, that of all unprejudiced men, that this standing crime ought to cease, and in 1880 an act was passed to repeal the oppressive charter. A decision of the Court of Appeals has frustrated the purpose of that act, and left us still under the domination of the monopoly. We have submitted to the decree, but we protest that the control of the navigable waters of the State can have but one legitimate object—the use and benefit of the people. We have been deprived of this natural right without our consent, and we ask that it shall be restored in such manner as to you may seem fit, and as in duty bound, your petitioners will ever pray.

We regret very much the necessity which calls Professor Mourning and his interesting family away from us, but at the same time take pleasure in recommending him to you.

We also recommend him as a man eminently qualified to take charge of and conduct your school, a man of fine attainments and educated in all branches usually taught in Colleges.

Something New.

There is no use of paying \$5 to \$10 for a corn sheller. I have a patent Hand Corn Sheller that well supplies the place of a costly sheller. I will soon have my Improved Hand Sheller upon the market for sale at the very low price of \$1. I now have a more thorough recommendation from those who have used it. Any person desiring a sample sheller, or who would like to purchase county, district or state rights, will please send one dollar by registered letter to my address, and I will immediately forward the sheller to the nearest railroad station with full instruction and price of such district.

County Rights—Kentucky will be sold at from \$50 to \$150, according to population, except Ohio county.

G. W. GORDON, Patentee.

Sutton, Ohio County, Ky.

To the Teachers of Ohio County.

I earnestly solicit all the teachers of the county to attend the Institute to be held here August 14, 15, and 16, 1883, as has been announced in this paper. Those who desire to teach this fall will be required to attend the full three days. The object of the Institute is to devise plans to promote the educational interest of the county, and improve upon the present method of teaching. These are interests of too much importance to be neglected, and, although we may not accomplish all these, a full attendance and an earnest co-operation will enable us to make progress in that direction.

Those who now hold certificates of qualification will have the same revoked unless they attend the Institute. You may think this too rigid, but in looking over the list of those in attendance last year I find but 33 names out of 122 teachers needed; less than half being present.

Let the Institute be of no importance to stand aloof from the contest between the other candidates and compliment him by so small a vote? The men who vote for him will be very lonesome and prove themselves very careless about the real live political issues of the day. Greenbackay ought to go. We have the best currency we have ever had since the formation of the Government.

This is due not only to the Republicans but to the Democrats also, who have supported all the true financial measures of the Government. We now have gold, silver and paper all equal and good over the whole country. Let us not disturb it.

If the Greenback party ever had a mission it has none now. The whole thing is a joke. Get out of it, gentlemen; don't throw your votes away. Come and join the grand old Democratic party that is now marching on to victory, and which will control the Government after 1884.

The Republican candidate, Mr. W. P. Render, is a clever gentleman, and will, no doubt, get the vote of his party, and all men who think that Republican rule should be continued ought to vote for him.

ANNOUNCEMENT.

We are authorized to announce that RICHARD H. STEVENS, of Beaver Dam voting precinct is a candidate to represent Ohio county in the next Legislature of Kentucky. He was unanimously nominated and requested to make the race by the Greenback convention held in Hartford April 2d, 1883, and having accepted the same he is now before the people and asks a due consideration of his claims.

We are authorized to announce that W. P. RENDER, of the Centertown District, is the Republican candidate to represent Ohio county in the next Legislature of Kentucky. Election, Monday, August 6th, 1883.

PERSONALS.

Persons in town having visitors or any other item they would like in this column would confer a favor if they would inform this office. The town is not very large, but one hand can't get all over it every day and run a newspaper.

Persons visiting in town not seeing personal mention of themselves must remember the one they are stopping with did not feel interest enough in them to report at this office.

Mrs Eva Griffin, left yesterday to visit friends in Louisville.

Mrs Ella Duncan, of McHenry, is visiting Miss Nellie Davis.

Mrs Karnes, of Island station, and Mrs. Rowles called on us Monday.

Miss Kate Smith from Daviess county, is visiting Miss Lizzie Gregory.

Prof. Mourning, principal of Hartford College arrived here last Saturday.

Miss Spencer, from Horton, visited Misses Jessie and Nellie Davis last week.

Miss Lillias Ried, of Matawan New Jersey, is now the guest of Miss Josie Duke.

Miss Rebecca Dillman, of Christian county, is visiting her aunt, Mrs. J. S. Vaughn.

Mr. C. J. Yager, editor of the *Lithfield Sunbeam*, was in town Monday and Tuesday.

Mrs Vaughn and little nieces, have returned from a visit to relatives, in Christian country.

Mrs. John S. Leisure, of Centertown, accompanied by Miss Sallie Newcomb, visited this office last Saturday.

Mrs. Vanmeter, and daughter, Miss Minnie, of Owensesboro, passed per stage last Friday en route for White Sulphur Springs.

Mrs. Dr. Geo. F. Mitchell, and little son, of Beaver Dam, were visiting Mrs. W. H. Moore, sister of Mrs. Mitchell last week.

Mrs Hudson, Mrs. Hook, her sister, of New Albany, and Mrs. King made the office a little visit. We are always glad to see the ladies.

Prof. John B. Furgerson, of Hanson station, a former pupil of Hartford College, is in town visiting friends.

Mrs. Hook and Miss Lou King returned to Calhoun Sunday with their sister Mrs. Richmond, who has been visiting them at this place.

Mr. W. A. Gibson, of the firm of Anderson & Gibson, Caneyville, was in town several days this and last week, visiting his mother and family.

Mrs. Nancy Hatfield, a former citizen of this county, now of Eureka, Ind., is visiting friends and relatives in the county, and will remain until October 1st.

Mr. John Petty, wife and son, from Texas arrived in the county last week and are now visiting his brother Pink near Fordsville. We were delighted to see our old friend and have one more warm shake of the hand. Mr. Petty went from this county to Texas some twelve years ago, but has returned to make his home among us. We think he is partial to his home of adoption, as he thinks it is a mated country, he has been very successful financially.

—Rev. R. C. Alexander, has been having a series of meetings for a week or so past. They have been well attended and a spiritual feast to the christian.

—Samuel Baird, Jr., living near to us had two of his fingers cut off while feeding a thrasher last Wednesday. He stuck them together and they are growing together again.

—The barbecue at this place on Saturday 4th, of August will undoubtedly be the grandest of the season. There will be plenty of refreshments and everything necessary to make it a perfect success.

—Mr. B. F. Mitchell has been appointed general freight and passenger agent of the Chesapeake, Ohio and South Western R. R. Co., with headquarters at Louisville. He succeeds Mr. B. F. Blue.

—Don't forget to attend the barbecue at Barrett's Ferry next Saturday August 4th. It will be a day of enjoyment long to be remembered by those who attend. Hon. E. Dudley Walker and others will speak.

—The object of the barbecue at Barrett's Ferry next Saturday August 4th, is to raise funds with which to build a church house in the neighborhood. Let every one go and contribute a mite for this laudable purpose.

—Call at New York Store, Z. A. Rosenberg's, and buy your clothing at wonderful low prices; boots and shoes the same. Dry goods extra cheap, hats, caps, notions, furnishing goods. Call and see for yourself. No trouble to show.

—Barbecue here Saturday was not as well attended as the managers hoped for yet a good number of the people were out. Every thing passed off quite pleasantly until late in the evening when some John-barleycorn boys had to get up a row to keep their reputation as violators of the law.

—Thad M. Baker, formerly of this county, died in Texas the 19th, of July of typhoid fever. He had been on a tour west of the place, he lived and took sick while gone. He was brought home, but only lived about a day after arriving. Mr. Baker is a brother of Judge I. H. Baker, of Beaver Dam.

—A few issues back we stated that "Hartford can boast of two of the gayest widowers in the state," since then we have been asked something less than one thousand one hundred and one times. Now for the benefit of the widow and marriageable young ladies, we will give the names; Judge Townsend, and Wm. Steele.

—A fine lot all-wool Jeans 25 per cent. less than any other house can sell it at

H. SMALL'S.

—Mr. Geo. M. Rowe, our esteemed friend of Morgantown, formerly of Centertown, this county, and correspondent for the HERALD, gave us the pleasure of a call last Friday. Mr. Rowe was called to his old home by the severe illness of his brother, and is accompanied by his wife and son Estell. In the last few years time has dealt more gently with our friend than any one we know of.

—Some unprincipled dealers, because they could see a few cents more profit, have been guilty of offering worthless substitutes for the only original and genuine Sulphur Soap—Glenn's by name. Therefore, the public should guard against this deception, and always ask for Glenn's Sulphur Soap by its full name, and take no other. Read the full-winged evidence from this highly respectable source: C. N. CARTERTON, Esq. Dear Sir—I have traveled for three years for Messrs. Charles Scribner's Sons, publishers, New York, and desire to inform you that I have used your incomparable Glenn's Sulphur Soap exclusively for about four years; also have recommended it to very many persons; for its constant experience has been that it possesses all the medicinal advantages that you claim for it. All to whom I have recommended it say as well as myself, that it deserves its established reputation as the best and most efficacious Sulphur Soap that can be used for all skin cleansing, as well as toilet purposes. Some unprincipled druggists have endeavored to substitute other kinds of Sulphur Soap for Glenn's—saying they were just as good, but having myself tried other kinds, I find NONE so good or so beneficial as the genuine Sulphur Soap, stamped "GLENN'S," this I have observed bears the name of C. N. Crittenton, Proprietor, on the packet.

—Yours truly, C. T. Z. DURAND.

—Lawn Picnic.

In Honor of Little Miss Nora Anderson's Birth-day.

Last Friday evening Mr. S. W. Anderson's residence was the center of attraction in Hartford. The lawn was brilliantly lighted with Chinese lanterns artistically arranged amid the foliage of the trees. The archway at the main entrance was festooned with evergreens and lighted with lanterns, sending a flood of welcoming light into the street to greet the friends assembling at his attractive home, as beautiful as a poet's dream.

—Last Saturday about the close of

the barbecue, Joe McGee, Tobe Ashford and Tom Bryant, Jr., having imbibed too much "soda water," got into

a difficulty. Sheriff Smith and Marshal Greenwood went to arrest them when a pistol was fired and a knife drawn. The parties were brought before Judge O'Farrell where McGee and Bryant had a set-to resulting in McGee cutting Bryant on the hand with a knife. McGee went to jail and the other two went bound for their appearance Monday. Their trial came up Monday and McGee was held for carrying concealed weapons, and the other two were tried for breach of the peace, but the amount of fine is under advisement of the judge.

—Miss Nora sent Mrs. Nancy Jane Jones an invitation to be present, and to the great astonishment of all, the sheriff directed that she be the center of attraction for a few minutes, is scarcely forcible enough. The crowd around her was so dense that they would be lost to the natural eye, then to the last send forth a shower of meteors that would form the great dipper. Some of the works would make the most vivid flashes of lightning accompanied by muttering of deep thunder. They had a balloon fish, and when inflated represented the immense fish that frequented the waters when Nancy Jane Jones was a girl. It was indeed mammoth and beautiful to behold.
